Citizens Climate Lobby and Solutions to Climate Change

Tuesday, September 20, 7 PM

with Mark Reynolds

Mark Reynolds became the Executive Director of Citizens' Climate Lobby (CCL) and Citizens' Climate Education (CCE) on March 16, 2009. At that time there were 6 chapters, all on the West Coast, and 24 supporters. When he completed his term as director on January 20, 2022, there were 448 chapters and 197,776 U.S. supporters, as well as 145 chapters outside of the U.S.

CCL supports an economy-wide carbon tax and dividend. With a carbon tax, a fee is applied wherever fossil fuels enter the economy. This price flows through the economy, incentivizing businesses and people to switch to clean energy.
